CNC Plasma Cutting Tables

## Consistently Cut High Quality Parts

- Fast cutting speeds
- Flexible power options
- Improved cut quality & exceptional repeatability

## Spend Less Money Cutting Parts

- Low consumable costs
- Less dross than competitors - reduces part clean-up
- less maintenance needed & longer machine life expectancy

## Ready to Run

- Shipped within 5 business days
- Machines come fully assembled with a consumable starter kit
- Get started cutting in about 30 minutes
- Consumables for a wide range of applications

## Peace of Mind Dependability

- 2 year machine warranty
- 3 year power supply warranty
- Industry leading technical support
- 125 years in business

## Easy to Use

- User friendly touch screen HMI
- Flexible training resources
- Simple setup process

## Applications

- Small metal fabrication shops
- Sheet metal contractors
- Hobbyists & artists
- Custom vehicle fabricators
- Prototyping
- Education
- Racing industry

## Key Accessories

- Pneumatic Plate Marking Tool (TMS-203-1000-21)
- 4000 TC Pipe & Tube Cutter (LECS-080-4XTC-00), (LECS-125-4XTC-00)
- Consumable Starter Kit (BK12849-SK)
- Two-Stage Air Filter Assembly (TMS-214-0000-00)
- PlateGuard™ (TMS-310-0001-00)
- EDU CAD Upgrade (TMS-106-0011-01)

## Product Highlights

- All machine components warranted through Lincoln Electric Cutting Systems
- Precision cut quality
- Multi-language capability
- Water table allows for easy part retrieval, cooling parts down, catching debris & fume extraction
- User friendly & intuitive VMD & TMCAD software
- Optional 1" pierce capacity
- Accommodates DXF files

#### CUSTOMER ASSISTANCE POLICY

The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
