LINCOLN ELECTRIC® CUTTING SYSTEMS BUILDING A BETTER WORLD

JOIN THE TEAM

LINCOLN ELECTRIC CUTTING SYSTEMS HAS BUILT A PIPELINE FOR SUCCESS,
FROM RECRUITMENT TO PROFESSIONAL DEVELOPMENT.
WE PREPARE YOU FOR A LONG, STABLE AND REWARDING CAREER.

WHERE MOTIVATED PEOPLE FIND SUCCESS

Our personnel find success from having access to a full tool kit and an experienced team to support their development and enhance their skills. Starting with a solutions-oriented attitude, employee gains a foundation of knowledge (if not already in place) within a variety of areas where talent is needed.

WHO WE ARE

Lincoln Electric was founded on December 5, 1895, in Cleveland, Ohio, U.S.A.

Here at Lincoln Electric Cutting Systems, a subsidiary of The Lincoln Electric Company, we specialize in the design, development, and manufacturing of CNC plasma and oxy-fuel cutting systems.

Two leading brands, Torchmate® and VERNON Tool® merged to create Lincoln Electric Cutting Systems (LECS), located in Reno, Nevada. Our 120,000 square foot facility has cutting edge equipment and technology that allow us to manufacture industry leading machines. We are a publically traded corporation under (LECO).

OUR TEAM

We have a diverse team full of hardworking individuals who have a wide variety of skillsets. We welcome you to explore your career opportunities and join Lincoln Electric Cutting Systems in building a better world. **Join our team today!**

ENGINEERING

Engineers use cutting edge software and technology to design and develop new products and enhance existing ones. They bring visions to life.

MACHINIST

Machinists operate and maintain many of our innovative machines and technology. They are our team's hands-on equipment operators.

SUPPLY CHAIN

Distribution and Purchasing is the heartbeat of the manufacturing process. They ensure we deliver high quality products on time, while also building and maintaining relationships with vendors.

FABRICATION

Fabricators and Welders are essential to the business. They use contemporary tools and the latest technology to build our machines.

SALES

Sales Specialists convert high numbers of prequalified leads into product sales. They build customer rapport, provide technical information, prepare quotations and close sales.

CUSTOMER SERVICE

Customer Service is our front line communication with customers. They maintain customer needs from the time an order is placed until the system delivered.

TECHNICAL SUPPORT

Our highly trained technical support staff receive hands-on machine and software training so they can provide the highest quality support to Torchmate and Vernon Tool users.

REASONS TO JOIN THE TEAM

Lincoln Electric Cutting Systems offers you an opportunity to grow into any of a number of career paths. We are an equal opportunity employer and have been named one of World's Most Ethical Companies for 4 consecutive years. Being in business for over 125 years, we are a sustainable, socially responsible company that supports lifelong careers for our employees.

Safety is our culture at Lincoln Electric Cutting Systems.

LECS also offers a comprehensive benefits package, plus perks such as tuition reimbursement for formal employee education, student debt repayment options, apprentice programs and performance based bonus opportunities.

To the right are testimonials from some of our team members.

TEAM TESTIMONIALS

“Lincoln Electric has great benefits. I love the tuition reimbursement and now they also offer student debt reimbursements.” - Shauna, Quality

“Lincoln Electric is a great company to grow and learn. I have been learning a lot!” - Ruben, Fabricator

“Lincoln Electric offers a lot of cross-training to help employees explore different positions and move up the chain.” - Kaleb, Production Lead
