

2020 Model Upgrade Kit

With new laser pointer, magnetic torch breakaway unit, and updated Visual Machine Designer software

UPGRADE KIT INCLUSIVES

The Lincoln Electric® SP2 Upgrade Kit includes an all new magnetic torch breakaway unit, a laser pointer assembly and updated 2020 VMD software.

This kit will improve the reliability and productivity of compatible Torchmate machines.

LASER POINTER FOR PART AND PLATE ALIGNMENT

- Avoid joggling the torch close to the material, making small adjustments while trying to find the corner of the material or performing plate alignments
- Easy to see from across the table while standing at the operators station
- Laser part preview - Trace your part to ensure it will fit on your material

UPDATED BREAKAWAY DESIGN

- Easier to clean and maintain
- More robust design
- More controlled wiring prevents accidental damage

CUT CHART INTEGRATION

- Updated 2020 Visual Machine Designer software contains integrated FlexCut cut charts, no need to reference paper documents or hand made charts
- Larger, easier to see Job Preview

Applications

- 1.375" Torch for 4X00 - TMS-101-5000-23
- 1.750" Torch for 4X00 - TMS-101-5000-24
- 1.375" Torch for Torchmate X - TMS-101-5000-25
- 1.750" Torch for Torchmate X - TMS-101-5000-26
- 1.750" Torch for Torchmate 5100 - TMS-101-5000-27

Product Highlights

- Improved reliability of the Breakaway Unit
- HMI designed for improving productivity
- Integrated Cut Charts for Air Plasma
- Laser Pointer Dot for Locating Plate Origin
- Laser Pointer to Verify Parts Cut Location

CUSTOMER ASSISTANCE POLICY

The Lincoln Electric Company is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or advice about their use of our products. Our employees respond to inquiries to the best of their ability based on information provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or advice. Moreover, the provision of such information or advice does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or advice, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements.
